The Hector Fellow Academy offers you the opportunity to realize a self-developed research project under supervision of Prof. Jens Timmer. He is one of the Hector Fellows, a community of outstanding professors from different research institutions across Germany working in STEM-subjects, medicine, and psychology.

He is one of the leading scientists in the field of systems biology where he uses physics-inspired data-based mathematical models to understand cell biological processes. His approach contributed to understand signaling pathways which contribute to the development of cancer.

Your profile
- You are enthusiastic about developing and investigating an innovative research idea within the discipline of Prof. Jens Timmer.
- You have a master's degree in a scientific or engineering subject with excellent grades.

Our offer
- Opportunity to realize a self-developed research idea
- Mentored by an internationally renowned, top-level scientist
- Funded position (according to TV-L 13, up to 100%, based on the funding rates of the DFG for PhD students) for 3 years with the possibility to extend for one year (3+1)
- Extensive research funding
- Membership in an excellent research network
- Additional management courses, trainings & networking events

Your application
Apply until March 31, 2023 via the HFA application portal: https://hectorfellowacademy.applicationportal.org/home.html
