

## Curriculum Vitae Prof. Dr. J. Timmer

4. 9. 1964                    born in Wolfsburg, Germany  
1970 - 1983                    School in Wolfsburg  
Oct. '83 - July '84            Studying Physics at the University of Oldenburg, Germany  
Aug. '84 - Oct. '85           Civil Service, Oldenburg  
Oct. '85 - July '86           Studying Physics at the University of Oldenburg  
17. 7. 1986                    "Physik Vordiplom" (equivalent to a Bachelor's Degree  
   in Physics) Grade: very good  
Oct. '86 - July '90           Studying Physics at the University of Freiburg, Germany  
   Scholarship from the Studienstiftung des deutschen Volkes  
23. 7. 1990                    "Physik Diplom" (equivalent to a Master's Degree of Science)  
   Grade: very good  
Sep. '90 - June '94           Ph.D. student in Physics at the University of Freiburg  
June '92 - June '94           additionally, research scholar at the Department of Psychiatry  
   of the University Hospital Freiburg  
28. 6. 1994                    Ph.D. exam, Distinction: Summa cum laude (very good)  
   The thesis was honored by the research award of  
   the "Wissenschaftliche Gesellschaft Freiburg"  
since 1. 7. 1994                Leader of the Time Series Analysis Group at the  
   Center for Data Analysis and Modeling, Freiburg  
Feb. '96 - Apr. '96           Visiting scientist, Boulder University  
Jan. '97 - Feb. '97           Visiting scientist, ETH Lausanne  
July '97                        Visiting scientist, New York University  
Aug. '97                        Visiting scientist, Theoretical Biology, Humboldt University  
Nov. '97                        Visiting scientist, MPI Physics of complex Systems, Dresden  
Dec. '97                        Visiting scientist, Nonlinear Dynamics Group, Potsdam University  
Jan. - March '98              Visiting scientist, Institute for Applied Mathematics, Heidelberg University  
April 98 -Sep.'00              Hochschulassistent (C1), Physics Department, University Freiburg  
1998                              Co-founder of company The Scientific Consulting Group GmbH,  
   2007 splitted into seleon GmbH and TNI medical AG  
1. 7. 1999                      Habilitation  
Mai '00 - Juli '07              Co-coordinator of the DFG-Priority Programm 1114  
Oct. '00 - Oct. '05              Hochschuldozent (C2), Physics Department, University Freiburg  
Oct. '03 - Mar. '10              Speaker of the German Systems Biology Competence Network HepatoSys  
Aug. '04 - Oct. '08              Member of Panel of BBSRC Systems Biology funding initiative  
since Oct. '05                    Member of Board of Directors of Centre for Data Analysis and Modelling  
since Nov. '05                    Member of Board of Directors of Centre for Systems Biology Freiburg  
since Nov. '05                    Full Professor for Theoretical Physics, University of Freiburg  
since 2006                        Member of Scientific Advisory Board of Stuttgart Center for Systems Biology  
Jan. '07 - Dec. '11              Vice-speaker of Freiburg Initiative for Systems Biology  
Oct. '08 - Sept. '09              Internal Senior Fellow, Freiburg Institute for Advanced Studies  
since May '09                    Member of Panel of Netherlands Institute for Systems Biology  
Dec. '09 - Oct. '13              Co-Director of School LifeNet, Freiburg Institute for Advanced Studies  
Feb. '11                        Hector Research Award  
2011-2012                      Guest Professor, Linköping University, Sweden  
2010 and 2012-2020            Executive Director Freiburg Center for Systems Biology  
Oct. 16 - Sept. 19              Equal Opportunity Commissioner, Institute of Physics, University of Freiburg  
Oct. 16 - Sept. 19              Dean of Studies, Institute of Physics, University of Freiburg
